History

T'was almost four long years ago
When we put out to sea,
The route was rough and difficult,
And now it's victory!

A victory that's quite worth while,
And one that will always be,
Let's stop . . . and think . . . Who guided us?
T'was our beloved FACULTY.

In times when things seemed dull and dark,
Or in times when they shone bright,
We always had the faculty
To help us win the fight.

. . . . . Three cheers for the FACULTY!

FOURTH HOUR

Pounding hearts, muscles tense,
Bated breath, silent suspense,
An anxious look on every face,
Determined runners before the race.

A furtive look, a haunting thrill
Like trapped beasts before the kill,
Eyes on the clock, one minute more,
One more click, class is o'er!

Eleanor Ott

SENIOR CLASS HISTORY

It is eight o'clock in Mr. McCarty's famous fruit stand, four years ago, and a fresh shipment of magical green limes from the Grade School Orchard has just arrived. Slightly timorous are the little "Fruits in Green" for the Fruit Emporium is going to change them, and they know it. In run the frightened two hundred, fruit to the left of them, fruit to the right of them, faculty to the front of them, and a closed door to the back of them. Perhaps it would be best to pass over the misery of that first semester with its eight periods of heckling and yellow slips. Let us pass on instead to that height of heights—the sophomore year. But lo and behold, the little limes have undergone a marvelous transformation. In keeping with sophomore traditions our heroes are swollen with nothing, strikingly seedy, and mostly liquidous (mentally)—watermelons. Life has taken on a rosy hue for the watermelons of 1934. Theirs is the life of supreme confidence.

But now it begins to be apparent that secondary education in the fruit stall is just a process of expansion and contraction for during this momentous year the sopohomores have shrunk until as juniors they have become highly concentrated, serious, and important—just prunes. Later, however, they find that they are full of vitamin red D's instead of vitamin A's.

But now comes the happy ending to the story of the prunes, alias watermelons, alias limes. In 1936 they expand once more to become grapefruit—with that mellow, tangy personality, and always in the public eye—seniors. With Joe Bordenet, Johnny Graham, and Marjorie Schurman as their leaders, the senior fruit present "The Patsy," and that event of events—the senior dance. Commencement comes. For the last time the class of '36 stands together in the halls of dear old Jeff; but as they are shipped, ripe and courageous, into the world, the song that unites them forever is on their lips—Forward the Red, Forward the Black.

Jeanne Horwitz

FAREWELL TO SENIORS

As from the house your mother sees
You playing round the garden trees
So you may see, if you will look
Through the windows of this book,
Another child, far, far away,
And in another garden, play.
But do not think you can at all,
By knocking on the window, call
That child to hear you. He intent
Is all on his play-business bent.
He does not hear; he will not look,
Nor yet be lured out of this book.
For, long ago, the truth to say,
He has grown up and gone away,
And it is but a child of air
That lingers in the garden there.

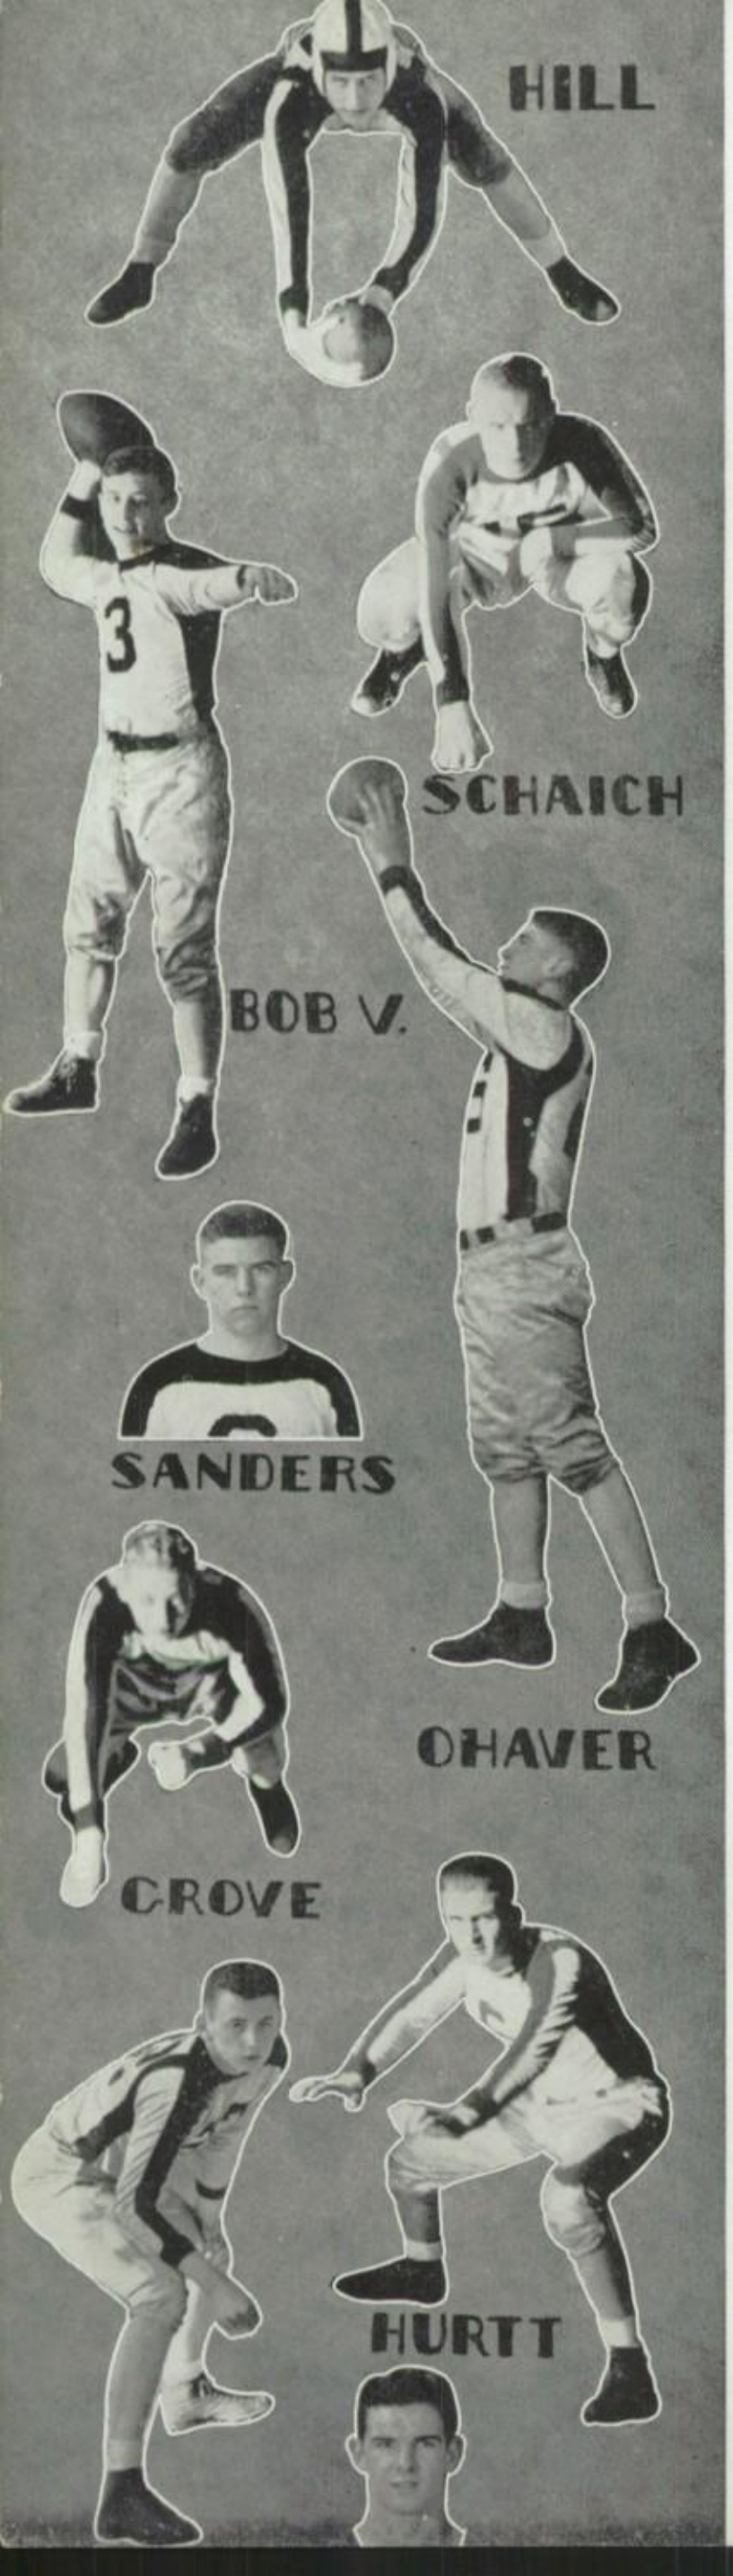
CAPTAIN

Carl Verplank

Carl Verplank was captain of the basketball team.
There was no permanent captain of the football team.



FOOTBALL

JEFF 8—RENSSELAER 0

Off to a flying start! From the first whistle to the final gun, the Bronchos kept plugging at the line and running the ends for small gains. Rensselaer backs were held at a standstill by the Jeff forward wall. Early in the second period with the pigskin on the Rensselaer 18 yard marker, an end run was called. Joe Bordonet gathered in the pigskin and started around his right end, sidestepped all tacklers and ran across the last white stripe. Carl Verplank's try for the extra point was no good. Jeff 6; Rensselaer 0.

Malcolm Mackey accounted for two points with a safety in the third quarter. This climaxed the scoring and Jeff had won their 18th consecutive gridiron victory.

JEFF 0—NOBLESVILLE 0

In the second game of the year, Jeff's Bronchos hit a snag in the string of consecutive victories. Although they did not suffer defeat, they were held to a scoreless tie at Noblesville. The game was listless and provided no thrill for the spectators. At one time the Jeff backs advanced the ball to the Noblesville 20 yard marker but lost the pigskin by virtue of a fumble. Noblesville made no serious threat; the closest they came to the Broncho goal line was the 35 yard stripe.

JEFF 13—FRANKFORT 0

All the scoring in this tussle was done in the 4th quarter. After playing listless ball for 3 quarters, the Bronchos finally awakened. As the last period got under way, Bob Vyverberg heaved a 12 yard pass to Joe Bordenet. Bordenet grabbed the ball on the Hot Dog 20 yard line and raced across the goal line, unmolested. Vyverberg's dropkick was good for the extra point. The next time the Bronchs got the ball as far as the Frankfort 46 yard line, Bob V. took the situation in hand by tearing through the entire Hot Dog team and scored standing up. Soon after Vyverberg's marker the gun cracked, ending the game and Jeff had annexed their 19th win, 13-0.

FOOTBALL

JEFF 6—WEST SDE 0

The Red and Black's old rival from across the river were the next to taste defeat. Vyverberg's 41 yard jaunt in the first period gave Jeff 6 points. These points were enough to set the Scarlet and Gray gridders down. Bob Brady and Gene Britt played stellar games for West L. In the final period, with these two boys making the advancements, the Scarlets carried the ball past midfield and into Jeff territory. The final gun sounded too soon for the Red Devils and they bit the dust, 6-0.

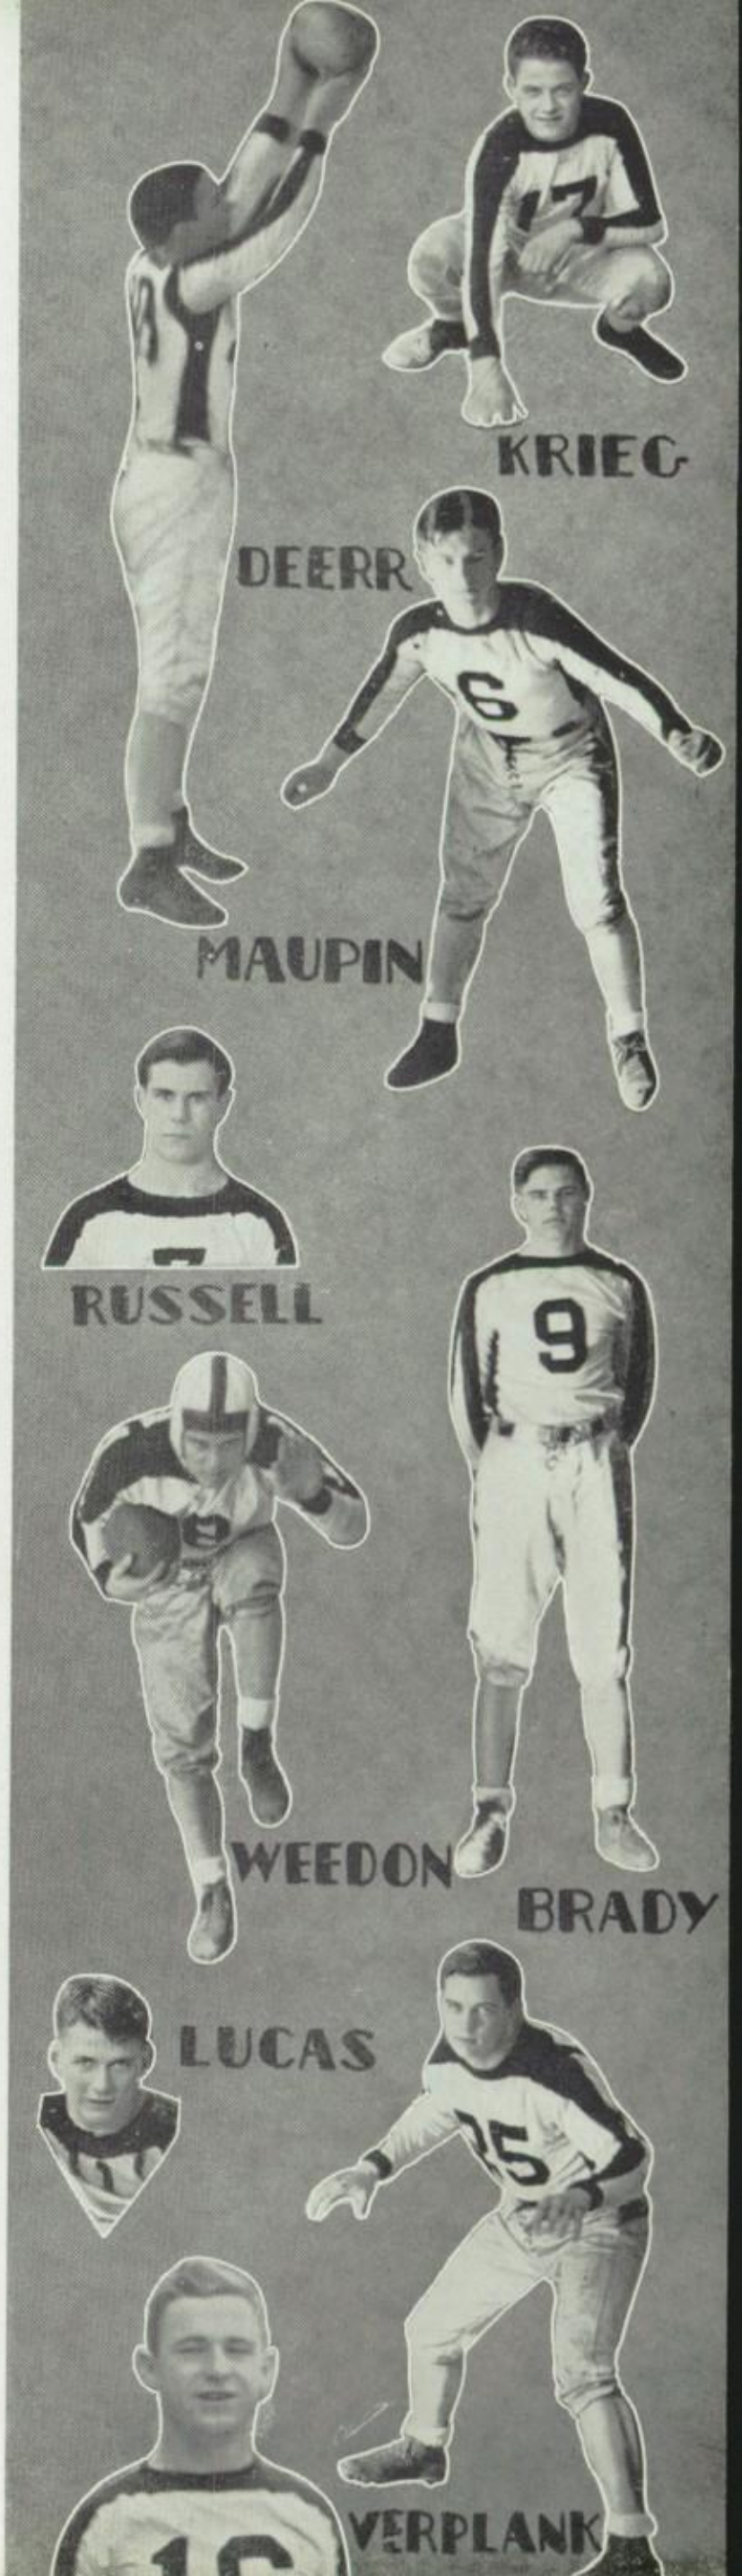
JEFF 6—CLINTON 0

In a game marked with fist fights and bottle-throwing, Jeff's Bronchos defeated Clinton 6-0. Joe Bordenet scored the only substantial marker of the game, when he scored on a plunge from the 1 yard line. The touchdown was scored in the third quarter. In the fourth quarter, after receiving a punt on his own 25 yard line, Bob Vyverberg sprinted to the Clinton goal line. This run was called back, however, for a Jeff man was clipping. Clinton did not threaten once. The game marked the 21st victory without defeat for the Red and Black's.

JEFF 19—CRAWFORDSVILLE 0

On the third play of the game with C'ville, Charlie Weedon, on a reverse, ran 58 yards through the Athenian team and crossed the goal line standing up.

In the third quarter, Weedon again ran through the C'ville team for a touchdown. This time the goal line sprint was 11 yards. Harry Lucas plunged for the extra point. Score: Jeff, 13; C'Ville, 0. In the last quarter, Carl Verplank blocked an Athenian kick and recovered the pigskin over the last white stripe and Jeff scored another touchdown. This ended the scoring and Jeff had won their 22nd game without defeat.



FOOTBALL

JEFF 7—SHORTRIDGE 11

For the first time in 24 games, the Bronchos met defeat. The Blue Devils snapped the winning streak. In the first period, Sando, flashy Blue and White halfback, ran 58 yards to put the pigskin on the Jeff 3 yard line. Brown, fullback, then plunged over for the first marker. Wey, Shortridge tackle, executed a perfect place kick and Shortridge led 7-0. In the second period Shortridge scored two safeties. While attempting to punt from behind his goal line, Charlie Weedon stepped in the end zone and Shortridge annexed 2 points. A few minutes later, the Bronchos were again pushed back to their goal line. This time, Shortridge broke through and blocked Weedon's kick. Score: Shortridge 11, Jeff 0. Jeff then received the ball and started a scoring march in which Vyverberg's 25 yard pass to Bordenet netted 65 yards and a touchdown. Vyverberg's drop-kick was good. Score: Shortridge 11; Jeff 7. Neither team was able to score again and Shortridge emerged victorious.

JEFF 19—WEST SIDE 13

In one of the closest football encounters of the season, Jeff again defeated West Side, 19-13. Maupin started the scoring when he put the ball over on a quarterback sneak. This came in the second quarter. Immediately after this, Martin, W. S. center, took the ball out of Bordenet's arms and ran across the goal line, 14 yards away. In the third period, an 81 yard drive with Brady and Britt carrying the ball netted another score for the Red Devils. A pass, Brady to Britt, added the extra point. In the fourth period, Vyverberg scored on a spinner. His run was 25 yards. Weedon's plunge for the extra point was good by 2 inches. Score: Jeff 13; West Side 13. West Side's quarterback called for a flat pass when they got the ball. Carl Verplank, running at top speed intercepted the pass on the Jeff 45 yard line and raced 55 yards to score the winning marker.

JEFF 31—LOGANSPORT 0

Weedon and Vyverberg alternated on touchdown plays in the last game of the season. Charlie scored first from the 11 yard line after only 2 minutes of the first period had elapsed. "Trot" scored from the 6 yard line a few minutes later. In the second period, Vyverberg again outstepped the would-be tacklers and raced 30 yards to score. Weedon added another 6 points in the third quarter. He scored from the 1 yard line. Weedon's try for the extra point was good, and Jeff led 25-0. After under-classmen had placed the ball on the 22 yard line, Coach Masters sent Vyverberg back in the game. On the first play he scored. Final score: Jeff 31; Logansport 0.

BASKETBALL

JEFF 26—C'VILLE 21

The Bronchos opened their 1935-36 net season with a well-earned triumph over Crawfordsville's Athenians. Jack Young was high point man for the victorious Red and Blacks. Jeff's B team lost the decision to the Athenian B team, 28-19.

JEFF 23—CONNERSVILLE 26

After leading at one time by a score of 23-19 the Bronchos folded up and Connersville rolled over the Red and Blacks and won the tussle. Bernard Deerr was high point man for the losers.

JEFF 34—RICHMOND 24

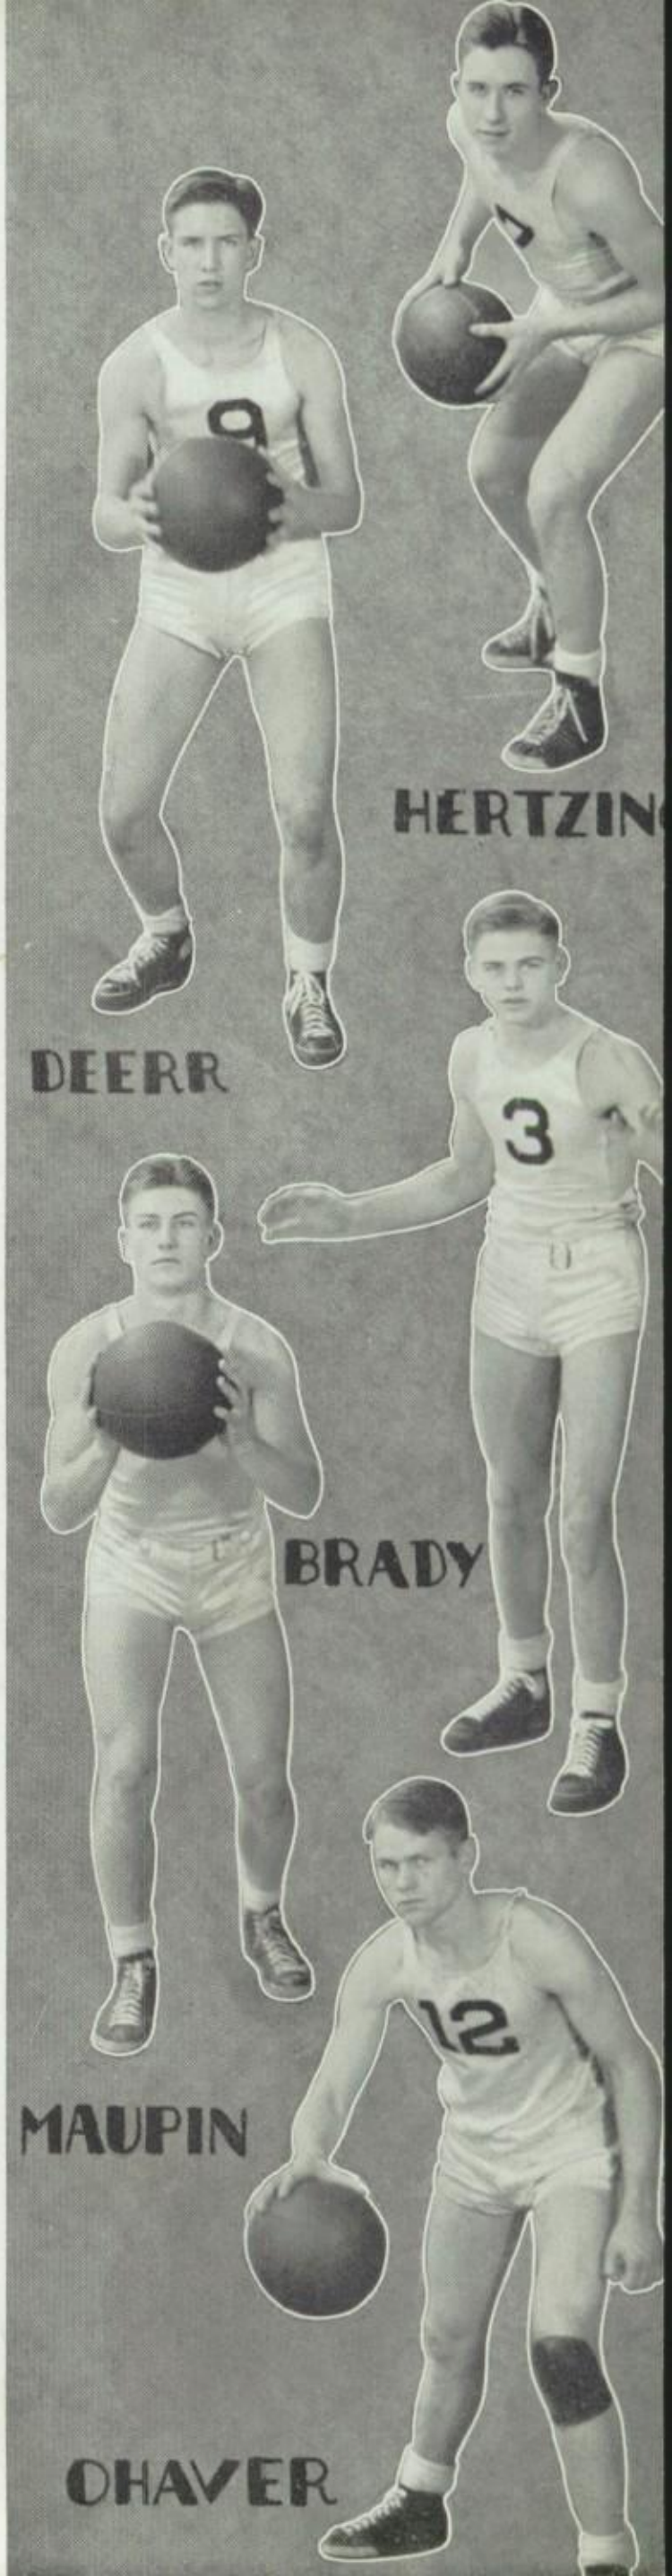
Scoring 20 points in the last twelve minutes while the Richmond cagers could garner only 3, Jeff's Bronchos scored their first big ten victory. Charley Weedon accounted for nine points while Harry Lucas scored eight points. Jeff's B team whipped Otterbein's A team.

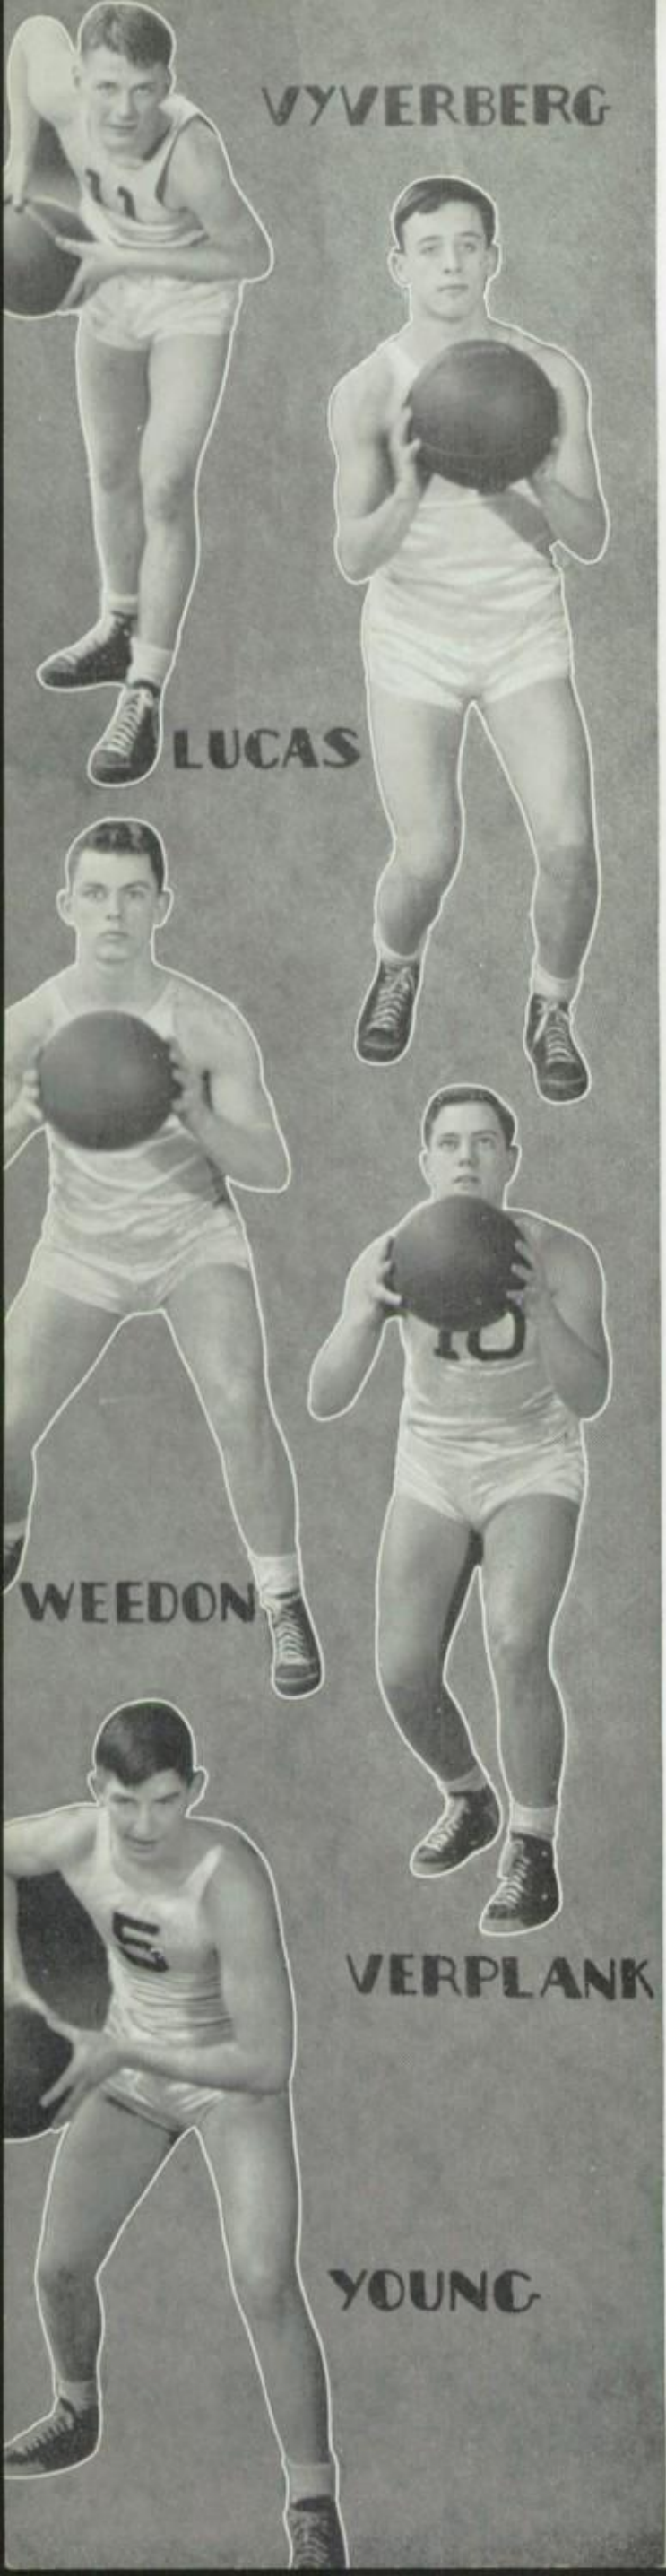
JEFF 34—ANDERSON 26

A great fourth quarter rally was responsible for the Bronchos victory over the 1935 state champs. Deerr got five baskets for ten points while Bob Vyverberg snagged nine points. The Indians' B team outclasse dthe Broncho B's to the tune of 40-20.

JEFF 24—WEST SIDE 23

After West Side had held point advantages for three periods the Bronchos turned on the steam and nosed out the Red Devils. W. L. led at the end of the first half 11-4. At the end of the third quarter they led 20-14. Jack Young scored 10 points while Charley Weedon scored 7 points. Jeff's B team defeated the West Lafayette B's, 31-20.





BASKETBALL

JEFF 23—KOKOMO 24

Heckman's tip-in after Maddox had missed a free throw in the last ten seconds was enough to give Kokomo the nod over the Bronchos. Charley Weedon and Bob Vyverberg shared high point honors for the losers with 7 points apiece. In the preliminary contest the Jeff reserves whipped the Klondike Nuggets, 31-26.

JEFF 37—LEBANON 27

The Bronchos had no trouble in taming the Tigers. The victors led all the way. Charley Weedon was high scorer for the evening with 12 points. Jeff's B team was not tough enough for the Lebanon reserves, and the Tigers emerged victorious, 25-21.

JEFF 30—NEWCASTLE 32

Jeff lost a close overtime battle to Newcastle after a basket by Vyverberg had knotted the count at the end of the regular playing period. Vyverberg put the Bronchos ahead at the beginning of the overtime period but baskets by the Huffman brothers gave the locals the victory. Barney Hertzing scored 10 points for the losers while Bob Vyverberg accounted for 6.

JEFF 18—FRANKFORT 46

Jeff's Bronchos were bowled over by a powerful Frankfort team. The defeat was the worst tasted by a Jeff net team for many seasons. The Hot Dogs led at one time by a score of 17-0. Montgomery and McCreary were high for Frankfort with 13 and 12 points, respectively. Harry Lucas got 8 points for Jeff. The Hot Dog "B" team was too much for the Jeff reserves, 44-21.

BASKETBALL

JEFF 40—LOGANSPORT 28

In a dull and uninteresting game the Bronchos drubbed the Berries on the Bronchos floor. Jeff led all the way and was never threatened. Bernard Deerr and Harry Lucas tied for high point honors with 12 points apiece. Jeff's "B" team beat the Logansport reserves, 18-13.

JEFF 24—DELPHI 25

Jack Shaffer's two free throws in the last 10 seconds nosed out the Bronchos in their try for a victory string. Charley Weedon scored ten points for the losers. Jeff's "B" team nipped the Delphi reserves, 18-17.

JEFF 27—MUNCIE 30

After leading at one time by a score of 25-18 Jeff's basketball team went into reverse and the Bearcats nosed them out. Jack Young led the losers with 9 points.

JEFF 40—MARION 30

In the fastest game of the season Jeff defeated Marion's classy basketball outfit. Jeff led all the way and Marion threatened only once. Jack Young led the victors attack with 15 points.

JEFF 24—FRANKFORT 33

In a "giveaway" game the Hot Dogs again defeated the Bronchos. Neither Montgomery and McCreary or Weedon and Vyverberg saw action. Barney Hertzing was high point man with 13 markers.

JEFF 22—LOGANSPORT 45

Logansport turned the tables on the Bronchos and reversed the score of an earlier season game. Logansport led all the way and the Jeff men did not threaten once. Barney Hertzing was again high scorer with 8 points. Jeff's "B" team defeated the Berry reserves by a score of 28-23.

JEFF 37—TECH 24

In a game that was fairly close for two periods, Jeff defeated the Tech cagers from Indianapolis. After the second half got under way the Bronchos turned on the steam and were never headed. Harry Lucas was high point man for Jeff with 16 tallies.

JEFF 37—C'VILLE 25

Bronchos and Athenians fought it out in a dull but hotly contested battle. Jeff led all the way and the Athenians made only one serious threat. Jack Young was high point man for the victors with 13 points.

JEFF 23—WEST SIDE 21

Harry Lucas hit one from far out in the last minute of the first overtime period to clinch the victory for the Bronchos. The score was knotted at the end of the regular playing period at 21-all. Young got 7 points while Hertzing got 6 to pace the winners. In a preliminary game the Montmorenci regulars defeated the Jeff reserves, 30-29.

JEFF 49—DELPHI 25

In the final game of the season the Bronchos ran up the highest score of the year to defeat the Delphi Oracles. Captain Carl Verplank was high scorer for the Jeffmen with 11 points. Round Grove defeated the Jeff reserves.

FOOTBALL B TEAM

Bottom Row: L. Gillespie, W. Taylor, W. Treece, D. Minton, V. Kercher, W. Stephans, W. Force M. Pinkerton.
2nd Row: T. Elliott, E. Bergsma, W. Shoemaker, J. Cooper, J. Sunkes, D. Head, G. Devault.
3rd Row: R. Christian, R. Lane, F. Taylor, R. Vandermay, S. Gershuny.

While the Jeff Bronchos were out on the gridiron piling up victories and establishing a name for themselves throughout the state, the boys that really aided the varsity in making a name for themselves and for nipping the opponents with great regularity were the scrubs. Most all the boys who played on the B team last season will be out on the field this year to keep up the great record that the boys who represented Jeff in past seasons have established.

The B team deserves a lot of the credit for Varsity victories, they were out there battling the first stringers, using enemy plays and bringing out all the varsity faults. By game time the varsity was a smooth-running machine that swept over all opponents that faced them. Although the reserves piled up a record that not quite equalled that of the first stringers, it was a formidable one. They lost only one game while winning three.

There were many boys on the B team that showed promise and a few that enjoyed experience with the varsity.

The reserves boast of victories over the Kokomo reserves, Oakland, and Morton of West Lafayette, while West Lafayette's reserves thoroughly trounced the second-stringers.

GIRLS' ATHLETICS

First Row: R. Mackey, B. Allen, M. Zufall W. Lawson, M. Pope.
Second Row: D. Bell, C. Workinger, M. Noblitt, C. Patty, V. Sellers, H. Bryant, F. Clinger, M. Oehrtmann, D. Thomas, M. Briscoe, B. Sietsma.
Third Row: F. Yancey, M. Kaplan, M. Fields, B. Culver, M. Nelson, M. Swick, J. Zahn, V. Whitehead, M. Hays, F. Cohee, V. Sibley.

Girls in Jeff are interested in athletic games. Many are participating in these games, for the real enjoyment derived, and others are working toward an award.

Tennis was very popular this fall. Perhaps it was the play day with West Side last spring that aroused more interest in the tennis intramurals. Dorothy Bell was again champion, Valentine Sibley, who has just played one season, showed great promise.

Volley ball interested more than fifty girls. The "Amazons" with Fairy Yancey as captain was the winning team.

Basket Ball is as popular as ever. Although it was necessary to play the Girls' intramurals late in the spring there were always many girls to provide an interesting time. Since Purdue girls have helped in the managing and officiating there has been a greater amount of friendly rivalry.

Badminton, deck tennis, and baseball are sports that are increasing in interest.

Jeff tumblers have been popular in the city and neighboring towns where they have given exhibitions. This is the only group where membership is limited. There are always several on the waiting list, so few freshmen girls are able to get on the team. The tumbling exhibition is an attraction at the annual spring gym festival, where picturesque drills, quaint dances, competitive games, and regular physical education class work, is demonstrated.

All the girls' athletic activities emphasize a good time but never is health or scholarship sacrificed for play. The program for girls' athletics aims to add play to good health and high scholarship so as to make the Jeff girl a well balanced individual.

Climaxing several months of hard work on the part of the staff is this twenty-third Nautilus and it is the supreme wish of the staff that this book will bring to all who read it in the future, fond memories of the enjoyable years spent in Jeff.

The Senior Hi-Y is a club organized under the auspices of the Y. M. C. A. and is recognized and sponsored by the school. It is made up of Sophomores, Juniors, and Seniors. The president and vice-president are Seniors. The purpose of the club is to create, maintain, and extend throughout the school and community a high standard of Christian character. The platform is clean speech, clean sports, clean scholarship, and clean living. The motto is unselfish service to our homes, our school, our church, and our community.

The Seniors this year have made a fine record. The Hi-Y has ushered for all plays, musicals and convos of the high school. They sponsored a basketball team, volleyball team, and bowling team of whose records they have a right to be proud. The club aided the Sunshine Society in distributing their Christmas baskets. The club was one of the three clubs which sponsored the football and basketball banquets, and they also sponsored a mother, father, son banquet in May of which they were exceedingly proud. They made a donation to the Y. M. C. A. in appreciation for the use of the room there. The club sponsored a convo and put on a convo which gave much enjoyment to the students. One of the main attractions of the school year was the Spring Dance sponsored by the Club at the Purdue Union Building. Many churches have been thankful to the Hi-Y Gospel Team which talks at such churches as need them. Their theme is the Hi-Y Platform.

During the school year the officers of the Hi-Y attend the various conferences all over the state. One of the finest was the Older Boys Conference which was held at Anderson.

To climax the school year, they honored the graduating Seniors with an enjoyable picnic.

Since the year of its organization the Tuxis Hi-Y has been doing admirable work toward raising the standards and morals of Jefferson High School. The past year is no exception. Due to the able leadership of Mr. Horn and later Reverend George A. Ritchie, the club has advanced greatly. Many new members have been accepted, and many worthy projects completed.

Among other things, the Tuxis Hi-Y sponsored the annual football banquet along with the able cooperation of the Senior Hi-Y and the Sunshine Society. The banquet was a great success as was shown by the large crowd which enjoyed the event and loudly proclaimed its praises afterward.

As is the custom, delegates from the Tuxis were sent to the Hi-Y training school at Indianapolis, and they brought back many splendid ideas which were used to a good advantage in the work of the club.

At the state get-together of the Hi-Y's, held at Turkey Run State Park in the fall, the Tuxis was well represented, having about ten members present. The speaker of the day was Dad Elliott, former student and teacher at Northwestern University, who is now a Y. M. C. A. lecturer. He spoke on the platform of the club, which is: clean speech, clean sports, clean scholarship, and clean living. His speech did a great deal toward making the Tuxis Hi-Y a more beneficial body of young men.

The purpose and platform are: To create, maintain, and extend throughout the school community high standards of christian character. To insure: clean speech, clean sports, clean scholarship, and clean living.

The Junior Hi-Y was reorganized in the fall of 1935, with Mr. Marshall as sponsor. Only freshmen are eligible for membership. One boy was chosen from each grade school in the city making a total of fifteen for charter membership. These boys were asked to contact other boys from their grade school to increase their membership. Of the original fifteen eleven of them accepted. They are: Warren Ardapple, Gene Arman, Cornelius Callahan, James King, Jordan McCarty, Jack Mertz, Robert Sattler, Fredrick Schnaible, James Pechin, and Conrad Vanderkolk.

The purpose of the club is to create, maintain and extend throughout the school and community, a high standard of Christian character.

Since this is the first year of the organization our activities have not been so numerous. We united with the older Hi-Y's and the Sunshine Society to sponsor the Football Banquet. A representative was sent to the Older Boys Conference at Anderson. A Christmas party was given by the Tuxis and the Senior Clubs of Jeff, the Hi-Y of West Side and the Junior Hi-Y at the Y. M. C. A.

Most of the meetings have been to make organization plans. The club has been able to secure speakers for some of our programs. Speakers were: Rev. Geo. A. Richey of the First Baptist Church, Mr. C. H. (Big Robbie) Robertson of Purdue, and Wayne Sandefur of the Purdue Football team.

The Girls' Advisory Council is one of the few organizations in Jefferson High School in which the members are elected. It is every girl's wish that this honor may be conferred upon her. Students who have twelve or more credits are eligible for membership, and they are appointed by the faculty. At the present time there are seventy-five members.

The organization has as its sponsor the Dean of Girls, Miss Kimmel, and it is through her efforts that it has grown to be such an outstanding organization.

The Council cooperates with the school in many ways. A girl is stationed in the office and library each period of the day as a scout. The Sunshine First Aid Room is also in charge of Council girls throughout the day. At Christmas time the Council shows its fine spirit by assisting the Sunshine Society with its welfare work.

Two meetings are held each month, one being business and the other social. One of the outstanding events of the year is the Mothers' Day breakfast at which the girls pay special honors to their mothers.

The purpose of the club is to help instill the spirit of leadership, loyalty, and cooperation in all school affairs.

The girls have the following creed to guide them:

"I will put my best efforts in each day's task. I will not forget that poverty and riches are of the spirit. Although the world knows me not, I shall endeavor to make my thoughts and actions such as shall keep me friendly with myself and neighbors. I shall walk calmly in the path allotted to me. Then will my friends love me for what I am and I shall make the world a better place by my example."

The Jeff Booster had a very successful year. It grew from a five column, four page paper to a six column, six page paper. The paper was more pleasing to the eye and more readable. A total of five hundred subscriptions were obtained at the beginning of the year. Two special issues were put out during the year, the commercial issue which contained ten pages and carried a substantial amount of outside advertising, and the April Fool issue which was generally rated as one of the best of its kind.

A profit was had at the end of the year which proves that the business end of the paper was not neglected. The advertising was the largest in several semesters, and students did all of the soliciting and collecting of accounts. All editing and writing was done by the above named staff officers. The print shop printed each issue.

The Jeff Booster has as its motto the sincere desire to represent the entire school in its columns.

The Studio Club was organized in 1914 under the direction of the art teacher, Miss Anna Wurster. The first activity of the club was a play. A statue was purchased for the school from the proceeds of this venture. The Club has continued active through the years and is at present an enthusiastic group. Several members of the club have entered various poster contests and won valuable prizes. This year the club members made the large thermometer for the Booster staff. They painted the Chinese costumes for the musical comedy and made posters advertising the book and toy exhibit and the year book, The Nautilus. They also made posters and signs for the State Young People's convention and the Business Education Exhibit which were held in the big gym.

The purpose of the club is to teach students the value of art appreciation. The world is filled with new beauties to the student of art. Art means doing things by hand, guided by the head, and instigated by the heart. It teaches one to love the common things in life and to make them seem beautiful. Wherever art touches life, its satisfaction and contribution should be felt. The Studio Club gave an interesting play this year besides sponsoring a number of entertaining and educational activities.

Once again Jeff's annual book, The Nautilus, asks for information concerning the activities of The Master Machinist's Club.

The club has held regular meetings every second Thursday throughout the school year. New members have been added during the second semester, and officers are elected every semester instead of for the year.

During the first semester at three of the club meetings, groups of freshman boys were invited, and talks were given by members telling about different branches of the Industrial department. This proves to be a great help in making out schedules for many boys.

Several trips made to local factories and a trip was made to the Wright Machine Co. During each trip excellent information concerning machine shop practices was obtained.

During the year two motion pictures were shown on subjects of interest to industrial work. These pictures were made available through the U. S. Dept. of Commerce.

Members of The Master Machinist's Club have been called upon many times during the year to assist with various activities pertaining to school work and are proud to help make Jeff one of the best schools in the state.

The Girls' Glee Club is a group of selected girls who are interested in advanced choral work. Miss White is the director, but no officers are elected. Any girl may try out, but the voices are selected according to the range and quality of the voice. Three part work is done. The club meets once a week, but noon rehearsals are held when a special program is to be given. The personnel of the club is different in the two semesters, but each group receives the same instruction.

The major work of the year was the musical comedy, "An Old Spanish Custom," which was given early in December. All glee club members had some part in the production. Some took leads and others composed the singing and dancing choruses. Most of the semester was given to this project which was a great success. The remaining time was spent in practicing for the Community Christmas Program, which was under the direction of Miss Rena Rice. The second semester was devoted to practice for appearance at club meetings and convocations.

The purpose of the Boys Blee Club is to widen the knowledge of music, and to create an interest in four-part singing. There has been an increasing interest in this work every semester and many boys are trying out for the Glee Club.

The past semester has been a busy one. The Glee Club was well divided, and the four-part singing was successful. After working on several songs, they were asked to sing at the First Baptist Church. They concentrated on two songs and their first public appearance was a success.

As usual, after the first few weeks of school, they began work on the annual musical comedy. This year's comedy, "An Old Spanish Custom," had much chorus singing, and the Boy's Glee Club, along with the Girls' Glee Club and the Mixed Chorus, spent many weeks of intensive practice. All of them, however, were well rewarded by the enjoyment they received from the work and the success of the Musical Comedy. Without doubt, it was the best Jefferson ever had.

After the Musical Comedy came the Community Christmas singing, in which all the schools of the city participated. They worked on two Christmas songs and did their part on the program. That was the last public appearance, but all the boys in the Glee Club know how they spent an enjoyable hour each week in 1936 singing the songs they wanted to sing.

The Boys' Glee Club will grow in number and the interest will increase more each semester under the capable supervision of Miss White, our directress and sponsor.

Jefferson High School Home Economics is affiliated with the State and National Home Economics Associations. At the meetings interesting subjects that cannot be discussed in class, are brought up.

The club opened its season with a picnic at Murdock Park.

Alys Jones and Alma Schnaible were sent as representatives at the State Convention.

An inspection tour through the Girls Residence Hall at Purdue was made by the members in early November. A thrilling moment for the girls was a greeting from Amelia Earhart Putnam.

One of the most interesting programs during the year was a "Grandmother's Tea". Recitations and songs formed the entertainment. Tea and small cakes were served to the honored guests by some of the members.

Our aim is to provide the girls with a knowledge of good health and Home Economics.

The purpose of the Forensic Club is to furnish an opportunity for public speaking, and to give members practice in parliamentary procedure.

The membership of the club is open to all students interested in Debate, Oratory, or Public Speaking.

Meetings are held on the second Tuesday in each month usually in the high school auditorium.

Some of the programs were a wiener roast in the fall, the members told stories and gave impromptu speeches.

However, it has been seriously handicapped because of lack of stringed instruments but some progress is being made and it is hoped they will be able to enter the Orchestra contest this year.

The Jefferson High School Band has again placed its name among the first of Indiana's crack musical organizations for the season of 1935-1936. Under the leadership of Mr. McAdams this group has progressed very rapidly and has made itself into an organization that all students are proud of. Mr. McAdams, in his third year as director of the band, has worked faithfully and diligently to get the band to such a high degree. Although he has been connected with the high school band for only three years, it has rapidly advanced to the position on one of the best directors in the state. The band is indeed proud to have a man with such ability and knowledge as the director.

The band was very successful last year and has been awarded many titles. The musicians were awarded the sweepstakes trophy at the annual district contest at Danville. The soloists and ensembles also placed well. Carrying on from the district contest, the band then carried off high honors at the state contest in Evansville early last May. Competing with the best musical organizations of the state the Jeffersonians successfully defended its title as the best high school marching band in Indiana. To win this title the boys showed their competitors something new when they put on their exhibition with their instruments bedecked with lights. This was undoubtedly the most outstanding exhibition of the contest. Many members placed well in the solos and ensemble groups and boasting of one state champion who represented our high school at the National contest at Madison, Wisconsin. During the summer the band gathered together for a week's practice and participated in a large parade at Michigan City. Competing with many bands from Illinois, Michigan, and Indiana the boys came out on top as the best band. Surely these honors can show what a fine band Jeff has.

The band also plays for all the home football games; basketball games, and many civic parades. They also journeyed to Frankfort and Logansport for the football games with these schools. They have also provided music to many of Purdue's games. Last spring, preceding the state contest, Jeff presented its first concert over WBAA. The band is looking forward to the annual state contest this spring at Frankfort where they are hoping to take many honors.

"Sugar Coated History" is the policy of one of the most familiar of Jefferson's landmarks, the History Club. Miss Fletemeyer has been the club's sponsor during the entire seven years of its existence. The group attempts to create an interest in history by means of splendid programs to which the entire student body is invited.

This year the organization boasted an unusual increase in membership, the enrollment showing ninety-nine members. That the "New Deal" has entered even the History Club is evident with the change in program arrangement. In previous years one committee was held responsible for the entire year's entertainments, but this year a novel plan has been adopted. Seven committees have been appointed, each responsible for one meeting, each consisting of one club member and one history instructor. The committees are: Miss Young and John Fouts for November, Miss Leiter and Albert Schnaible for December, Miss Ward and Mary Jane Dietrich for February, Mr. Culbertson and Alice Martens for March, Leslie Curtner and Mr. Hinshaw for April.

The plan is proving a great success since each committee tries to present the best program. At the first regular meeting, Professor Murphy of the Purdue history department gave a very enjoyable lecture on the "Italo - Ethiopian Crisis," and followed his discourse with an open forum. At another meeting Dr. Reser spoke on the history of Lafayette, dealing especially with the railroads of our city, a subject of much interest to the students. Maxine Stewart and the Jeff Trio have entertained the club with vocal selections.

In May the annual picnic will be an enjoyable event.

Jefferson's Sunshine Society is well named, for it is an organization of girls who do their best to bring sunshine to others and to follow faithfully the following creed: With love in my heart, forgetting self, and with charity for all, I will make the object of my life helpfulness and kindness to others. I shall try to fit myself to give intelligent service in making my community a safer and more beautiful place in which to live. Thus will my life become rich and complete.

Sunshine meetings are held on the third Thursday of the month. In the spring the Sunshine Societies from all parts of the state hold a convention. This year it was at Monon.

Each year our Sunshine Society sends Christmas baskets to many needy families in the city. It entertains and gives presents to the boys and girls of Cary Home at the Christmas meeting. The Society brightens sick rooms by sending flowers to those who are ill. It aids students who are unable to buy their own books, clothing and lunches. It contributes to the Red Cross, Y. W. C. A., Y. M. C. A., Salvation Army, and the Tuberculosis Association.

In order to raise money to carry on this helpful work, the Society gives Tea dances in the cafeteria. Sunshine girls sell candy at the candy counter at noon and after school, and also at football and basketball games. The Society works with the Hi-Y clubs in sponsoring the football and basketball banquets.

The Language Council is a new society of Jefferson this year. It is made up of students who are taking or have taken either French, Latin, German or Spanish. It was organized to replace the separate language clubs.

Its main purpose is to make the students more familiar with the language they are studying and also to acquaint them with the motives, customs and the life of people of other tongues.

At the meetings games are played, spelling matches are held and songs are sung in the various languages. An interesting program is made and arranged by the Program Committee. Sometimes, speeches are given or musical numbers are played by members or others. There is also a refreshment committee who always prepare something nice.

There are 76 members now and an increased membership is expected. To become a member, a student must have had at least one term of language study. Exceptions for membership are made only to 9B students. If they have an average grade of A, they, too, may become members.

The Jefferson High School Commerce Club has again functioned to make business and social contacts for its members during 1935-1936.

Two parties were held at Rotary Park, one near the beginning of the school year for members and guests and one near the close of the year for all commercial students and teachers of all schools in Tippecanoe County teaching commercial subjects. Two roller skating parties, one for all county commercial departments and one for Jeffersonians were also given by the Commerce Club. These with a Hallowe'en and other special day parties seemed to be really successful. The usual number of business meetings and formal meetings were also held.

The major service, next to sponsoring the commercial contests, was the Business Education Exhibit, on December 17-18, 1935. Some thirty exhibitors supported it and the exhibit will probably be held annually. This event puts Jefferson in the role of a pioneer in a new type of educational endeavor.

The Tri-Y Girl Reserves is an organization for girls and plays a worthwhile part in the drama of school life. Its emblem is the blue triangle within the circle representing body, mind, and spirit.

A Girl Reserve grows into appreciation of its meaning by living the big principles it represents. To look upon its insignia is to be aware of its strength and power.

When a girl joins the Girl Reserves she has an opportunity to train herself to become loyal, true, sincere, and ready for service at all times.

The Girl Reserve code embodies those ideals of service, love, and right living that help a girl to make her life a lovely and worthwhile one.

Among the activities which the Girl Reserves have enjoyed this year are hikes, picnics, and parties. They had a Hallowe'en Party and a Christmas Party at the new Y. W. C. A. They also sang Christmas Carols at the Hospital and Widows Home at the Soldiers Home. The theme of the club has been "Travel" and the speakers were from the high school faculty. With the aid of the capable sponsors, they gave a tea for their mothers. At the end of the school year the club's activities there was a banquet, which was held with West Lafayette Tri-Y Club.

After a girl has joined the Tri-Y she becomes a part of a procession of girls and women who are trying "to find and give the best."

ORATORY

Bottom Row: M. Harless, G. Pechin, R. Goodman. 2nd Row: Horn, H. Meeker, A. Zimmerman, A. Charles, V. C. Rogers. 3rd Row: W. Darling, B. Palmer, E. Price, E. Jackson.

Jefferson entered contestants in eight different oratorical contests this year. All contestants were coached by Mr. Rogers, the public speaking teacher.

On November 21 the Central Indiana Oratorical Contest was held at Tipton and those entering the local contest were Leland Minnick, Arnold Charles, Robert Riley, Quintin Schreiber, Allen Zimmerman, Ed. Jackson, Jean Thornton, Betsy Palmer, and Gene Pechin. Ed. Jackson and Betsy Palmer represented Jeff at Tipton after being picked by a group of judges consisting of teachers.

On February 8 the State Oratorical Contest was held at Wabash College. Ed. Jackson and Joe Bordenet were detained at the last minute and were unable to go.

On December 18 Jeff, Delphi, and Logansport entered a triangular meet each sending three contestants. Those representing Jeff were Ed. Jackson, Betty Palmer, and Jean Thornton.

On April 4 a tournament for the Declamation and Extemporaneous Speaking contests was held at Logansport, with six schools entered. Lucy Demoret, Harry Lucas, Orian Henderson, Robert Arman, and Allan Zimmerman entered from Jeff, Allan winning third in the Declamation contest.

On April 18 the State Extemporaneous Speaking Contest was held at DePauw, Lucy Demoret, Harry Lucas, Robert Arman, and Ed. Jackson entering for J-ff.

On April 6 the State Discussion League county contest met in the Jeff auditorium with Jeff meeting West Side. Hayden Meeker and Gene Pechin were Jeff's representatives.

On April 20 the Rotary contest was held at West Side with Richard Dirham, Lowell Finch, John Agnew, Bolton Gaugh, and Julian Dornan entering for Jeff.

On April 25 the Declamation contest was held at Franklin College. Allen Zimmerman, Richard Dirham, John Fouts, Hugh Douglas, Cliverda Burimeister, and Orian Henderson entered the local Jefferson contest.

DEBATE

Back Row—Robert M. Horn, Coach, John Purdue, Charles Shannon, Hayden Meeker, Warren Thompson.
Front Row—Jordan McCarty, Eldon Ellis, Robert Everhart, Gene Pechin.

The debate team this year had a record of which the whole school may well be proud. It went to the finals in the annual state debate tournament held at North Manchester. This is the second time in the history of the school that Jeff has sent a team to compete for the championship of Indiana. Although the team lost to Fort Wayne in the quarter-final round, it gained the recognition of being the youngest and least experienced squad ever to go to a state meet. It was the only squad with members below the class ranking of juniors. Jeff had one freshman and one sophomore on the team.

The debaters chosen to go to the state meet were Jordan McCarty and Hayden Meeker, representing the affirmative, and Eldon Ellis and Gene Pechin, representing the negative. Other debaters who saw regular service were John Purdue, Warren Thompson, Robert Everhart, and Charles Shannon.

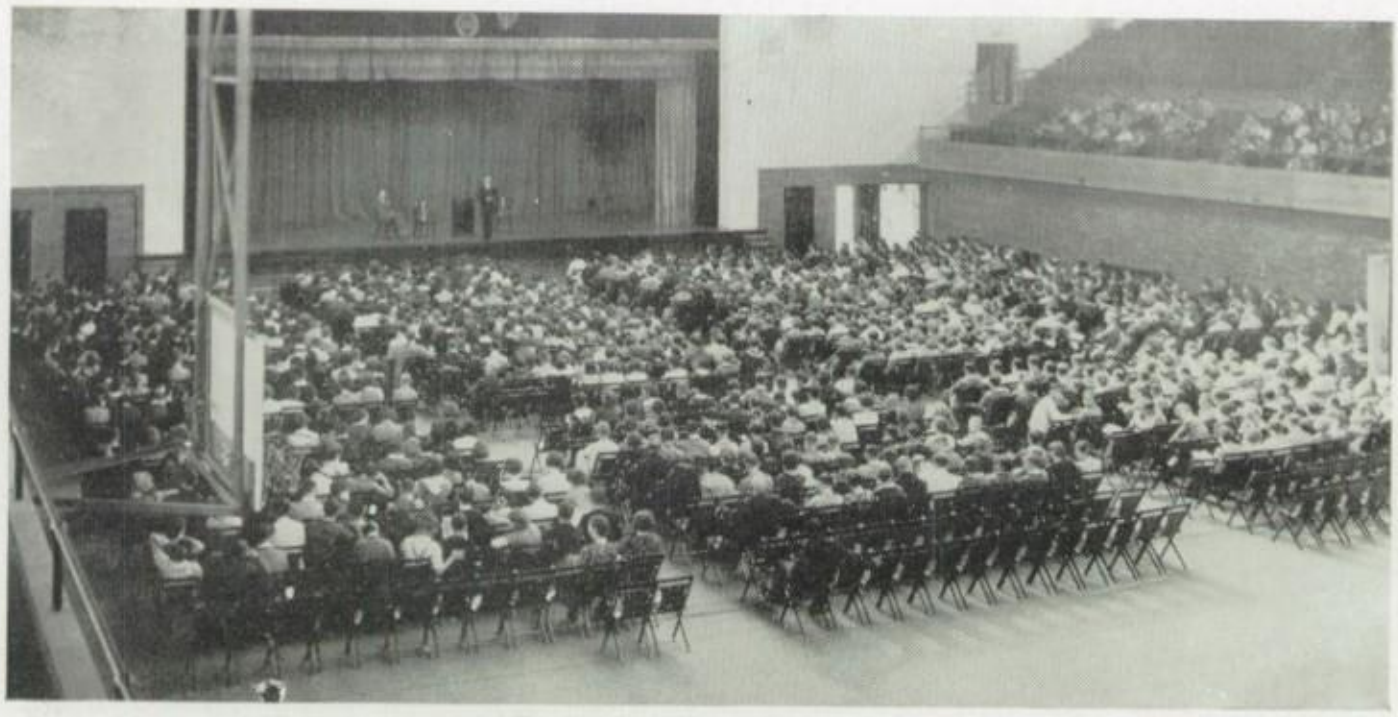
The question debated this season was: "Resolved, "That medical care should be made available to all citizens at public expense." This question created a wide-spread interest among various organized groups throughout the state, particularly medical and dental societies, who often sent instructed delegates to hear the discussions.

Jefferson won the right to go to the state meet by defeating Tipton in the regional contest held here in the auditorium. Jeff had previously won the sectional contest over West Lafayette, Oxford, and Fowler. The win came only after defeating the Fowler team in the run-off of a tie between Jeff and Fowler for sectional honors. Tipton had won their sectional contest by defeating Frankfort, last year's state champions, Lebanon, Delphi, Greentown, Noblesville, Howard Township of near Kokomo, and Jackson Township of near Greentown. By winning this contest, Jeff had won the honor of being one of eight teams left out of the original 118 schools entered in the league.

Robert M. Horn coached the team this year.

(Further information about Debate Team on Page 143.)

CONVOCATIONS



INTERESTING CONVOS DURING THE YEAR

October the seventh was the beginning of fire prevention week. A group of firemen presented several very interesting talks on fires and fire prevention.

Snakes were the main theme of Mr. Jack Raymon's talk. Mr. Raymon displayed several live snakes, told how snakes eat, which are poisonous, and which are not.

Leon Albert, globe trotter, presented one of the outstanding convos of the year. Mr. Albert has traveled widely in many lands, but became particularly interested in Venezuela. He portrayed exceedingly well the life of the Venezuelans, and described vividly many places of interest in that country.

Jeff was honored by the presence of a world-famous hitch-hiker, Arthur Cone. Mr. Cone related many wonderful experiences which happened during his hitch-hikes.

Dr. William Harwood, humorist and naturalist, entertained the students with an interesting talk of his experience with wild animals in Africa. Dr. Harwood has trapped approximately one hundred thousand animals during thirty-five years.

A very unusual convocation was presented by Branson DeCou. Mr. DeCou gave an illustrated lecture on places of interest in Siam, Java, and Japan.

Slim Williams brought to the students of Jeff a vivid picture of Alaska and Alaskan dog teams. Mr. Williams made the longest dog sled trip in history, from Copper Center, Alaska, to Washington D. C., for the purpose of promoting a national highway from America to Alaska.

Pictures illustrating the phenomena of sound were presented by Bell and Howell.

The dancer Tamaris, who, with her group, has won international fame, fascinated the student body with her presentation of the modern ballet dance. She also gave an interesting review on the history of the ballet dance.

E. G. Fine presented many beautiful colored illustrations with his talk, "Rambles through the Rockies."

The ancient civilizations and customs of the Americans were brought forth in an illustrated talk by Major James C. Sawders. Mr. Sawders has traveled a great deal, and is intimately acquainted with Mexico and Central America.

Herbert Petrie and his White Hussars delighted the audience with a brilliant musical presentation—instrumental and vocal, solo and ensemble. The Petries have traveled through America and Canada for six years, winning popularity everywhere.

Mr. Glen Morris concluded the convocations of the year with a very interesting talk on science.

WISECRACKS FROM "THE PATSY"

To always remember the lovable, humorous remarks of Patricia, Pa's witticisms, Ma's weeping and tearful frettings, Grace's unreasonableness, a few of the lines worth remembering are printed here. It is hoped they will bring back recollections of the untiring effort of a group of amateurs to give a presentation which proved to be a profound success.

Mrs. Harrington (Gladys Goodhart)—We've got to have a car. Grace is making a brilliant marriage and you're not going to ruin it by making us all look like a lot of paupers.

Pop Harrington (Leland Minnick)—Brilliant marriage, eh? Listen, May—the only brilliant marriage that ever happened in this family was when you married me.

Patricia (Rosabelle Grable)—Never mind, Pop. It's all right. If it wasn't for the rain there wouldn't be any hay to make when the sun shines.

Pop—Huh!

Patricia—We all make mistakes, Pop. Remember the time I took a bumblebee for a blackberry?

Pop—Huh!

Patricia—But I've got to admit one thing! If it wasn't for you our family tree would certainly die.

Grace (Alice Martens)—What do you mean by that?

Patricia—You're the sap!

Grace—Oh, shut your big mouth!

Patricia—Big mouth! That isn't any keyhole in the front of your face, either.

Pop—Well, pet—what have you been up to? Are you sure you're not in any trouble, Baby?

Patricia—Well, life is like that. One-third of our lives we spend in bed and the other two-thirds in bad!

Pop—Huh! What do you mean by that, Baby?

Patricia—You never have to get out a search warrant to find trouble.

Patricia—And were you a good boy?

Pop—I swear!

Patricia—That's enough to make anybody swear, isn't it? Still, there's no use of crying over spilt milk, because there's enough water in it already.

Pop—Huh!

Patricia—Oh, I'm just kidding!

Grace—I don't see anything funny about it at all!

Patricia—Well, life is like that. He who laughs last has just seen the joke.

Patricia—You go into a hotel and ask the clerk for a room. He says: "Have you got a reservation?" And then you say: "What do you take me for—an Indian?"

Patricia—Of course. If you don't know whether you're in love or not—that's a sign you're not; because love is like the toothache—when you've got it nobody has to tell you.

Patricia—You know it's really an education to be with Mr. O'Flaherty, Pop. Why, he told me something about chickens I never would have known if I hadn't gone to dinner with him!

Mrs. Harrington—H'm! Chickens!

Patricia—Yes, Ma! A chicken is the only animal which is useful before it's born and after it's dead.

Grace—I told you not to let her join the Country Club! I told you she'd do something that would make us all look like a lot of nobodies. I told you, didn't I? I'll admit it's the only chance she had of getting a husband—out on the golf links!

Patricia—Well, that's where most of them are!

Grace—She ran after me and was going to strike me!

Patricia—Ooo, Ma! I was not! I was not! I was going to knock her so cold a glass of ice water would scald her!

Trip Busty (taxi driver, Ralph Morris)—Where'bouts you folks want to go?

Grace—I don't see how it can make any possible difference to you where we want to go.

Trip—Well, it might make some difference to you—if it's some place I don't want to take you.

Grace—Did you ever hear anything like that? You're supposed to take us any place we tell you to.

Trip—Oh, no, I'm not, Missus. I'm asking you where you want to go.

Grace—We want to go to the Country Club.

Trip—Well, couldn't you have said that in the first place?

Grace—Such impertinence! I'm going to report you. What's your name?

Trip—My name's Trip Busty.

Grace—Who's the man who owns this taxi company?

Trip—I am, lady. I happen to be the boss myself.

Grace—Would you mind waiting in the taxi, please?

Trip—It's all right with me, lady. The meter's ticking.

LITERATURE

OUR SCHOOL

Our school is built of steel and brick,
And in its structure frame
Are thoughts, ambitions woven thick
That give our school a name.

Our school stands high in sports
And will not "take the air",
We're not afraid of any courts
Because our play is fair.

Our school, ours, yours and mine,
We share it for the good of all.
Kindness is our high ensign,
And may it never fall.

Our school, classed high among the best,
In honor and renown,
For twenty-five years has stood the test
Of time, and never gone down.

Our school's a landmark on the cliffs of fame,
And I wish I could have laid
One brick in its gigantic frame;
—My homage would be paid.

DO YOU REMEMBER WHEN?

NEXT

In the English vocabulary, there is one four letter word that has caused me to experience unclassified emotions, has made me suffer from neurasthenic exhaustion and has given me a hundred thrills—the wrong kind. I've always wondered if others feel the same way about it, or if I am just a coward.

The first time I remember hearing "the word," I was just a tiny tot—age six. It was my first day of school. The teacher, who appeared as big as a mountain and as cruel as Simon Legree, rapped her desk with a big ruler, looked straight at me and shouted, "Next."

Right then and there I began to connect the word "next" with all kinds of indescribable horrors, and terrible feelings. My heart jumped, my lip trembled, and I felt hot, cold, and lukewarm at the same time. Along with everything else my voice was so lost and shaking so badly, I could blurt out nothing but, "Next—what?" Of course everyone laughed, so adding ridicule to injury. It was five days before I attended school again after that episode.

Even if it weren't for my pet word, I'll still dislike dentist offices. But when I'm sitting there listening to some other poor, helpless, fellow sufferer in the clutches of a demon tooth-extractor and know that in a few minutes a cheerful, smiling, white-capped nurse will tap me on the shoulder and say, "You're next," I experience worse agonies than Dante ever imagined or those that await me in the dentist chair.

I usually hold a magazine in my quivering hands and try to concentrate on the fashion advertisements. But concentration on anything is impossible. "In a moment," I think, "it will be all over." That moment seems like a century. Then I consider the idea of fainting—but, no, that would only prolong the torture. I must keep my chin up and wait—like the boy that stood on the burning deck—right now a burning deck would be preferable.

All at once my tooth stopped aching—yes—the pain is entirely gone. Stealthily I get up and ease toward the door; then a quick dash down the hall. Just as I round the first corner I hear the dentist call, "Next." I know I'll be back the following day but even that or the prospect of lying awake all night doesn't dim my feeelings of elation and joy as I run down the stairs and out into the street to freedom.

I always listen to Major Bowe's Amateur Hour. Not because I especially enjoy hearing untrained voices and squeaky violins but because I can hear the Major call, "Next," and know that he doesn't mean me.

That's when I'm really thankful. It's not hard to imagine those frightened amateurs hopefully, yet fearfully awaiting their turn at the "mike." They probably feel as I do in the dentist office—only worse. "Next," to them means success or failure; to me it means only a sigh of content and gratefulness that I'm not the one addressed.

I plan to be a doctor after I graduate from college. In my office there will be no "next" patients. I don't know as yet what method or theory I'll use to eliminate this evil; but after I've been educated four more years, I'm sure I'll have some plan of doing it. In the meantime I'll just sit here and quake with fear until Miss Fleming says, "Eleanor, NEXT, please."

YESTERDAY AND TODAY

Twenty-five years ago when the high school was built it was said that enough students to fill it would never be found; nevertheless today we have a building twice as large, and we need more room.

During the summer, fall, and winter of 1911-12, the oldest part of our building was built at the cost of $350,000. It was dedicated to and given the name of Jefferson, the famous statesman and author of the Declaration of Independence. On April 13, Thomas Jefferson's birthday, the students moved into this building. The auditorium, which had the seating capacity of 1,120 people, was the best in the state. Every other Wednesday convocations were held here; different teachers were placed in charge of the program. The gym was so small that the school basketball games had to be played in the Y. M. C. A. The school cafeteria was right below the gym on the floor. Here lunches were served to teachers and students. On the second floor near the front corridor the main office was situated. The library was just to the right of the office; the office girl had a dual position as she acted as librarian also.

The staff of the school consisted of eighteen teachers and four janitors.

There were many different organizations and activities, such as the Girl's Glee Club, Boy's Glee Club, High School Orchestra with fourteen members, German Club, Latin Club, Oratorical Contests, and the different sports—basketball, baseball, and track. The two outstanding organizations were The Senate of Jefferson High School, and the Press Club. The Senate was organized to develop training in public speaking, to obtain knowledge of parliamentary law, and to promote general knowledge of civics and debating. The Press Club was organized to boost every department in the school paper, The Jefferson High School Weekly.

The Senior Class of 1913 had sixty members. At this time commencement exercises were held twice a year. The great social event for the Seniors was the Senior Reception and Dance given in January in Griffith's Academy, which was located at Eighth and Ferry Streets. The Senior Banquet was held in the music room in the High School in honor of those connected with the Senior Play.

Now after twenty-five years we find many outstanding changes. The student enrollment is approximately thirteen hundred with a Senior Class of two hundred sixty-six. The teaching staff numbers fifty-eight with eight janitors. In the office we have two girls. A librarian is engaged to spend full time in our modern library. Our school has many outstanding courses to offer the student, not only for college preparation but for vocational work. We have a new gymnasium with a seating capacity of five thousand, a new cafeteria with a modern kitchen, and the dining-room with the seating capacity of three hundred.

The school paper is called the Jeff Booster and has a staff of thirteeen members. The Nautilus is published every year by the Senior Class. We also have the office of the Superintendent of Schools in our building.

I wonder. Do we as students attending a modern school with modern facilities realize how very fortunate we are to live today instead of twenty-five years ago?

—Katharine Kumming, '36.

TWENTY-FIVE YEARS AFTER

As I walk down the halls in this fast decaying seat of learning, there comes from under my feet a dull hollow sound. She quivers, rumbles, and mutters to herself as a volcano about to erupt. In contrast to her neighbor joined by the isthmus of Cincinnati Street, she is very old. For seventeen years she alone took the abuse which came her way till at last in nineteeen hundred and twenty-seven she was overrun with pupils much in the same manner as the City of Hamlin of fairy tale fame was overrun with rats. The school board arose to the occasion and decreed that there should be a new building.

A new building was erected across Cincinnati Street and extended to Brown Street. In order that this could be accomplished houses were moved away from where the new building now stands. This building has the gym, commercial rooms, shops, and cafeteria, so you are now eating your lunch on what was once Cincinnati Street.

In later years, she has continued to lean against the new building much in the same manner as a blind person being escorted across a busy street. She has watched over many thousands of pupils as they wore down her steps and scratched her walls going from room to room with the routine ringing of bells.

If this old building could talk it could tell us some amusing tales no doubt. It has seen the passing of many ancients who have left their hieroglyphics on numerous pieces of furniture for this younger generation to decipher.

Still more interesting among the permanent fixtures of our halls of learning are our educators, more commonly called teachers. As we leaf through that most authentic history, "The Nautilus," we are not surprised to find that a good many of their pictures are exact duplicates of those taken ten years ago. Possibly this can be overlooked, for indeed Father Time has smiled on some and frowned on others.

No doubt the teachers can notice a change in the pupils now from those of not long ago; they may have had to change their manner of teaching us pupils of later years.

This building has seen styles come and go, from short skirts to long ones and from small cuff bottom to large ones, the dream of every janitor for their floor sweeping ability. We hope that, as the plaster slowly crumbles from her walls, she may carry on the good work that started some twenty-five years ago, till at last she may be replaced by a newer building for the coming generations of preps who succeed us.

A LITTLE SONG OF LIFE

After the sun the rain;
  After the rain the sun;
This is the way of life,
  Till the work be done.

All that we need to do,
  Be we low or high,
Is to see that we grow
  Nearer the sky.

EVOLUTION OF A FRESHMAN

Freshman, sophomore, junior, senior. For the first years of our existence these magic words hold only a promise of the future. Then, quite unexpectedly, we find that we have completed eight years of preparation; we have become full-fledged freshmen. We are to know for the first time that feeling of floating in mid-air with nothing to anchor us securely to a reluctant past, a past which we earnestly desire could once more encircle us in its comforting sameness. For one year our career is predestined. Whether we will or not, we are expected to personify the typical freshman. We must timidly enter the halls of a strange building, gaze daily upon unresponsive faces in the hope of a friendly glance. We purchase the traditional elevator tickets, rush madly from one class to another, and afford amusement for those more fortunate survivors of the previous freshman classes.

However, before the end of a year, these freshmen cast aside the shackles of tradition, and lo and behold! we have a promise of the future sophomore. The sophomore shows capability. He is potential material for the various activities of the school. The cocoon is broken and the moth is making its debut.

As a junior our intimidated beginner has become a part, and an essential part, in the machinery of our great school. Three years of rehearsal for the finale that draws the curtain of graduation across the scene of a completed drama.

"Lives there a senior with soul so dead, who never to himself has said, 'This is my own, my rightful place. All good things come to him who waits'?"

At last has come the fulfillment of that promise of the future. We can only hope we have written in the annals of Jefferson High School some lasting thought, an impression that records the progress achieved during our only too brief stay. In the years to come we will again set sail in memory in that great ship of knowledge, "Jefferson," ably maneuvered by Captain McCarty and his capable crew, the faculty.

DEBATE TEAM

Additional details of Jeff's successful debate team reveal a number of interesting facts. One fact stood out during the entire year—that Jeff had one of the youngest squads in the entire state. This fact was commented upon by coaches and directors of debate wherever the team went. Only one of the squad, Hayden Meeker, will be lost through graduation—the remaining seven members will be available for service for next year.

At the beginning of the year forty-two candidates tried out for the team, twenty-three of whom were freshmen. This number was cut to twenty and then cut to a working squad of nine. On this squad of nine were six freshmen, one sophomore, one junior, and one senior.

The first activity on the calendar was attendance at the annual Purdue state debating conference. Jefferson was one of the few schools which has had debaters present at all of the Purdue meets since its inception five years ago. At this conference Purdue debated Indiana University on the same question as the high school teams were using.

In October Jeff enrolled in the Indiana State Debating League and made plans to develop a team that would some day go to the state finals. No hopes were held for this year, but it was thought wise to prepare for future years. The honor of going was all the more pleasant and agreeable. During the year Jeff met a large number of teams over the state, among them the following: Rushville, Lebanon, Elwood, Delphi, North Manchester, Logansport, Frankfort, Bloomington, Arsenal Technical of Indianapolis, this year's state champions, West Lafayette, Oxford, Fowler, Rensselaer, Brook, Tipton, and Tippecanoe Township of near Peru. Jeff engaged in thirty-four debates, of which approximately 70 per cent were won by Jeff.

Four invitational tournaments were entered during the year. These tournaments are held usually on a Saturday and last all day, often enabling each team to take part in as many as four debates each day. Those attended were at Anderson, Delphi, Brook, and at Franklin College at Franklin, Indiana.

Varsity sweaters were awarded to the working squad at the end of the season. Debate sweaters are white with a red block J. On the letters is written the word "Debate" and a stripe denoting the years of service. Gene Pechin has the largest number of stripes thus far, a total of three. Next year's stripes will entitle her to the honor of being the first Jeff student to earn four letters for debating.

The team was under the direction of Robert M. Horn, who has spent a great deal of time in developing the winning records. His first year here resulted in the record of winning 30 of 33 debates during the season. Two of the three lost were to Frankfort, later state champions, in the regional debate. He served as sectional chairman this year and has been named to serve in the same capacity for next year. He also was on the executive committee at Purdue conference the past two years and has been named for the state wording committee for next year's question.

The spirit shown in debating has been one of the best. Long hours were spent each day by the entire squad, it not being unusual to work both after school and in the evening of the same day four days each week. The debating season proper lasted from November to the first week of April.

The Debate Team was the only organization to show a 100 per cent list of Nautilus subscribers.
